

Bright White Felt (Paper liner)

Spec# B5815

Description

A bright white paper with a felt finish and wet-strength additive for increased resistance to tearing and shriveling in moist environments. Designed to provide a premium print surface for wine, beverage and gourmet food labels.

Basis Weight

70# per ream $\pm 10\%$
(500 sheets 25" x 38")

Liner

44#PK is a poly-coated natural kraft paper liner designed for roll-to-roll and high-speed automatic label dispensing applications.

Adhesive

Fasson® Z2010 is a versatile permanent emulsion acrylic adhesive with excellent initial tack and adhesion to glass, corrugated cardboard and plastics. It is suitable for cold and wet applications, including ice bucket and cold box use. Z2010B features a heavy coat weight of Z2010 adhesive and is APEO-Free.

Performance Data

Min. Application Temperature: $+0^{\circ}\text{F}$
Service Temperature Range: -30°F to $+300^{\circ}\text{F}$
(subject to facestock limitations)

Adhesive Performance

The adhesive provides strong permanent adhesion to a variety of substrates and is designed for reliable performance in cold and wet conditions.

FDA Compliance

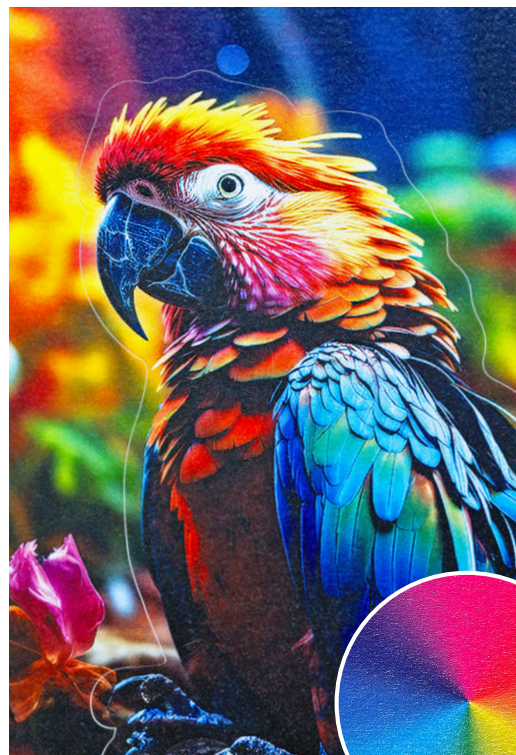

Fasson® Z2010 complies with 21 CFR 175.105 for applications where the adhesive is separated from food by a functional barrier or has only incidental food contact.

Applications and Use

Ideal for premium wine, beverage and gourmet food labels, particularly for applications requiring a textured appearance and reliable performance in moist or chilled environments.

Optimal Storage Conditions

Ideally store at 72°F and 50% RH.
